### NO DOGS/PETS!

Absolutely NO outside dogs or pets here at the Ranch. While your pet may be well behaved and an amazing being, we just cannot accommodate your pets. The Ranch has coyotes, small children, unusual sounds and energies that can cause even the most well behaved pet to act in unusual ways (barking during the night disturbing other guests). There is a resident dog that lives

here at the Ranch as well as occasional volunteer dogs that sometimes spend time here. These are the only pets allowed.

## CAMPFIRES

### SPIRITUAL TRANSPERSONAL RELEASE SESSIONS WITH JAMES GILLILAND:

One of the most powerful therapies on the planet is the Spiritual Transpersonal Release Technique. This was once known as Reto Clearing Endearingly referred to as a Spiritual “Roto Rooter”. It is a technique that transfers powerful consciousness and energy to the recipient allowing them to heal Quickly & Gracefully; any mental or emotional wounds, traumas or wrong conclusions from past experiences. This includes past lives and any unseen negative influences as well. Many of our fears and phobias often do not have any base of origin in this life. This is when past lives have to be taken into account. We are more than the sum total of this life experience. Our mental and emotional bodies are affected by unseen spiritual forces in positive and negative ways. It is time to open the positive and heal the negative. Call for details on sessions (509) 395.2092.

## OTHER IMPORTANT INFORMATION

---

**VOLUNTEER EXCHANGE**: There is much to be done on a working Ranch and Spiritual Sanctuary. We do offer some opportunities for volunteer exchange here at the Sanctuary (by approval). All exchanges will be reviewed and pre-approved by core volunteer staff. Please inquire at [ecetievents@gmail.com](mailto:ecetievents@gmail.com) for further detail. Please note that an exchange would need to be preceded by an initial visit and meeting with staff before an exchange could be approved. This is a small community and we have many needs (special consideration given to construction & carpentry assistance!!! Much needed!)

**DONATIONS & SUPPORT HELP REQUESTED!!**: Our work in service continues to grow and we have growing needs to support increased guest numbers. Some of the projects needed include building additional yurts & housing, outdoor communal kitchen, well drilling (hot & cold water is on property – we are in search of drilling support to bring this water to the surface for bath house and spa facilities). We are looking for donations of equipment, financial support or construction assistance to complete these projects. Please inquire if you have ideas or items that you feel would benefit the Ranch. All donations are tax deductible and could be an exchange for stay at the Sanctuary.

**NO RECREATIONAL DRUGS / ALCOHOL / OR DISRUPTIVE BEHAVIOR**: This is a healing Sanctuary. Please support the energy by going with the flow... Self Mastery is the Focus! Respect yourself and others by adjusting to the energies here without the use of outside influences. You will have the most amazing experience with a clear body/mind! Please reflect the energy of the moment and adjust to the tone, volume and energy around you.

**SMOKING**: Smoking is permitted in designated areas. Please do not leave cigarette butts on the land.

**SELF SUFFICIENCY**: Please be self-sufficient during your stay. Please clean up after yourself, especially in common areas. There is no paid staff here to upkeep the facilities. All support is by volunteers and we ask that our guests approach the stay here with the spirit of service. If you see something that needs to be done – help is always appreciated (cleaning, dishes, garbage, gardening, watering, sweeping, etc.) Service mode is why we are all here so if you choose to participate that would be wonderful.
